

Downsizing, Moving or Estate Sale??

We can help. Our team of experienced volunteers will do the work of your sale in your home or apartment. **YOU** get a charitable tax receipt for all proceeds. It's a win-win deal.

- **Details:** The sale is at your house or apartment. You supply ready-to-sell items and your garage, lawn, home and/or yard for the sale. We also ask that the residence has a clean bathroom, running water, adequate lighting and, if possible, a working fridge for the volunteers to use.
- **We** organize, set up, price, display, advertise, manage the sale, and do basic clean up afterwards. We can assist with dispersal of unsold goods to charitable organizations.

Interested? Contact us before you throw away those potentially valuable items. You'd be surprised at what we can sell!

What's in it for you? You get a charitable tax receipt for all profits while we do the work.

What's in it for us? We have the "fun" of running a sale and raising money for our charities. We are committed to re-cycling and promoting fellowship while supporting worthy causes. Because we're all volunteers, expenses (primarily for advertising) are extremely low, and we have a high incentive to raise maximum funds for our charities.

Who are we? We're a group of volunteers under the sponsorship of Christ the King Parish. With over eight years of experience our group has the expertise you can count on.

Where does the money go?

- Christ the King Parish to support our parish and Social Justice projects.
- The "Cuernavaca Project" supporting families in central Mexico to live healthier lives. Projects include composting toilets, safer cooking stoves, improved nutrition, job training. It is under the umbrella of the Archdiocese of Regina.
- Regina Food for Learning - providing lunch or breakfast to Regina school students as identified by their school community.

What do people say about us?

"I see your enthusiasm for your work and your dedication to the charity organizations. B.F.

"You sure know how to sell stuff!" G.H.

"Your volunteers are amazing, hard-working, smart, efficient, respectful of the space and understanding. Thank you!" M.R.

"My parents would be pleased that their stuff could contribute to a worthy cause" S.T.
